Sub: Draw attention to the authorities for the increasing number of dacoities, murders and lawlessness.

Sir,

Through your esteemed paper. I want to draw the attention of the Government to the lawlessness prevailing in the capital. It is really deplorable that dacoities murders are being committed in the broad daylight under the nose of the police authorities. The criminals roam here and there freely and go scot-free having committed the crime. The life of respectable citizens has become quite insecure. They are not free from danger even During day time. The chastity of the ladies is always at stake. Not to speak of the night they cannot go safely from one place to another, even though accompanied by their husbands.

There are frequent cases of child abduction and rapism. The Government should take strict action against these criminals and also enforce such measures to minimise such cases.

The occurrence of such events brings a slur on the fair name of our Government. Every possible effort should be made to remove the "Gundaism". Lawlessness and indiscipline from the country to enable the citizen to lead a peaceful life. The most severe punishment should be given to the criminals without discrimination so that others may learn a lesson and be discouraged for committing a crime.

Thanking you.
Yours faithfully
Riyansh Sahni
