Letter from father to his son according permission to go on tour

44 Mutiny Memorial Road,

My dear Riyansh,

I received your letter and I appreciate your idea to go on a tour. It is very good to pass the holidays and give the final touch to your education. It would certainly add to your knowledge and experience.

You know that experience is a great teacher and will undoubtedly broaden your mind. I have no objection to permitting you to take this journey and I am, sending Rs 250,00 to meet the expenses.

I only advise avoiding bad company during this period. Always keep a good association. Bear in mind, society moulds men. Rest is Okay. Your Mummy remembers you very much.

Yours loving father,
George
