My dear Mummy

I hope that grandma will be improving in health and you will be back very soon. Everything is going on well here, and you should not worry about it. I am looking after everything nicely.

I instruct the cook to bring vegetables and eatables from the bazaar. All the domestic servants are doing their work properly. They are not Lalita and Geeta are both behaving well according to their age.

Everything They help themselves with their work, at all giving trouble to me. Dear Mummy, you should not hurry back, for it is going well and smoothly here. My sake. You should come at your own convenience after the complete recovery of Grandma. Rest is all well.

Yours loving daughter
Sahima Mand
