My dear Uncle,**

You will be glad to know that my examination is over. I feel completely tired and exhausted. I want to come to see you and visit some historic places. I will have a change of atmosphere. During the examination, days have run down in health. The doctor has also advised me to go somewhere for a change in climate.

Moreover, I wish to see my aunt and cousins, whom I have not seen for long. I am reaching on next Sunday by the morning train. Please send someone to the Railway Station. Please pay my compliments to elders and love to youngsters.

**Yours loving nephew,
Sudhir Thakur**
